“AS” Tote with wire reinforcement for minimal bottom deflection

Features:

- Insert liners combine with AS/RS Adapt-A-Tote trays(*)
- AS containers for mini load and tote stacker storage systems (steel reinforcement available)
- ASC containers offer flexible, pre-molded compartments for small parts storage
- Available in static protective materials or standard heavy duty plastic

Benefits:

- Rigid design insures 100% part segregation
- Most common sizes maximize all current storage systems
- Resistant to most chemicals and solvents; easy to clean
- Cost-effective, long wearing containers have unlimited shelf life

“ASC” Tote with molded compartments
(different configurations within the same footprint)

Custom sizes are available upon request. If you would like more information please call or e-mail us at sales@cpproducts.net.
