Features:

- In-stock sizes and configurations available to fit most processes
- Totes are equipped with flat bottoms and modular construction - snug fitting lids available on most sizes
- Divider sets available for easy division and separation of tote
- Available in static protective materials or standard heavy duty plastic
- Maintenance free, durable construction

Benefits:

- Versatile design insures segregation and minimal part movement in storage applications
- Modular design accommodates full bottom utilization, full divider and stacking capabilities
- Assures proper box for all conditions
- Resistant to most chemicals and solvents; easy to clean
- Cost-effective, long wearing containers have unlimited shelf life

Custom sizes are available upon request. If you would like more information please call or e-mail us at sales@cpproducts.net.
