### Features:

- In-stock sizes and configurations available to fit most requirements
- Totes have flat bottoms, smooth-wall construction - snug fitting lids available on most sizes
- Available in static protective materials or standard heavy duty plastic
- Maintenance free, durable construction

### Benefits:

- Versatile design insures segregation and minimal part movement in storage applications
- Modular design accommodates full bottom utilization and complete shelf utilization
- Many sizes assures proper box for all requirements
- Resistant to most chemicals and solvents; easy to clean
- Cost-effective, long wearing containers have unlimited shelf life

Custom sizes are available upon request. If you would like more information please call or e-mail us at [sales@cpproducts.net](mailto:sales@cpproducts.net).
